

Custom Hanger Project Worksheet

Use this blank worksheet to organize requirements and open questions. Product specifications and commercial terms require individual confirmation. Nothing is submitted to HOMEFIRA.

Project / company reference

Review date / version

01 Start with the garment and setting

Planning prompt	Your notes / observation
List the garment types and intended setting.	
Bring a garment photo or representative sample.	
Record the available hanging space and the way the garment should be presented.	

02 Record dimensions and function

Planning prompt	Your notes / observation
Identify the measurements that need confirmation.	
Describe a bar, clips, strap support or grip requirements.	
Check the proposed shape with the intended garment during sample review.	

03 Build a focused finish reference

Planning prompt	Your notes / observation
Separate the desired appearance from the material specification.	
Name or label each color and hardware reference.	
Record which reference should guide sample review.	

04 Prepare branding and presentation

Planning prompt	Your notes / observation
Prepare the current artwork version and placement notes.	
Describe packaging, labeling and assortment requirements.	
Confirm artwork and presentation on the sample before approval.	

05 Outline the commercial brief

Planning prompt	Your notes / observation
State quantity by style or assortment where possible.	
Identify the destination and requested timing.	
List the costs, arrangements and dates that still need confirmation.	

06 Keep a record of approval

Planning prompt	Your notes / observation
Record open questions separately from approved details.	
Identify the sample and artwork versions reviewed.	
Confirm the final scope in writing before an order.
